

Begin Calling Witnesses In Sofia Trials; More Confess

By RICHARD KASISCHKE
Sofia, Bulgaria, March 1 (AP)—The last of the 15 Protestant churchmen on trial for treason went to the stand today and tearfully confessed. The state then began the calling of witnesses. The clergymen are accused of spying and black market dealings and treason.

Only one of the 15 deviated from a full confession. Ladin Popov, 36, a Pentecostal pastor, denied he had been a spy but said in a quaking voice that he was guilty of illegal currency dealings.

Mitko Dimitrov, a Baptist pastor, accused one of the leading defendants, Nikola Naumov, supervisor of the Baptist Church of Bulgaria, of saying from the pulpit that "Stalin is a bloodsucker."

Accuses Supervisors
Angel Dinez, 40, a Pentecostal preacher, accused his superiors in the church of being leaders of the alleged spy ring. He ended his testimony with the standard utterance of repentance. He asserted he was converted to what he called the rightness of Communism during the three months he has been imprisoned by the secret police.

"I want to thank the security police for showing me for the first time the human Communist," Dinez said.

Alexander Zahariev, 73, a Methodist, was the last and oldest of those on trial. He accused his son-in-law, Yanko Ivanov, the Methodist supervisor, of duping him into collecting spy data. The old man said he didn't know the information was wanted by foreign interests, as the Communist state alleges. He said he never was paid for his work and concluded his confession in a burst of tears and sobs.

All defendants have followed the routine of making long confessions, pledging full repentance and begging a chance to redeem themselves by working for the government.

SPRING STYLES DISPLAYED AT FASHION SHOW

Spring bonnets and dresses and coats in a wide assortment of colors and designs were shown by 10 models at the spring fashion preview Monday afternoon presented by a circle of the Women's League of Gettysburg college in the SCA building on the campus. More than 100 persons attended.

The models fashioned rayons, faille and print combinations, print dresses, sheer and casual models and spring suits, all with hats to match. There were silk and rayon prints, crepes, dress and jacket combinations and gabardine suits, wool and flannel creations and raincoats. The collection covered a wide price range.

Modeling the fashions were Mrs. Raymond F. Sheely, Mrs. Mark A. Eckert, Mrs. Murray Prazee, Mrs. Mark K. Eckert, Mrs. Thomas E. Peddy, Mrs. Edgar L. Deardorff, Mrs. John Zinn, Miss Patricia Myers, Miss Clara Mae Schafer and Mrs. C. A. Sloat. Many of the models were photographed as they appeared in the creations supplied by Miss Virginia Myers.

Musical Program
At intervals during the afternoon these music selections were presented: "Alice Blue Gown," Mrs. Jerome Alexis; Chopin's "Polonaise in A Flat," Mrs. J. W. Heikkinen; "All the Things You Are," Mrs. Alexis, and "Waltz in C Sharp Minor," by Mrs. Heikkinen.

Each model received a gift of a pair of nyons from Miss Myers, who closed the show by personally introducing the last two models who were evening dresses. Miss Myers wore a corsage of gardenias which had been presented to her in appreciation of her generosity to the league circle. Mrs. Henry M. Scharf was the narrator. Walter Lane was photographer for the show.

Here And There News Collected At Random

What Price Red Cross?
The questions most frequently asked in Red Cross campaigns are: "What is the overhead? How much of my gift will go for salaries and how much for folks who need the Red Cross?"

These seem to be fair questions, but they become unreasonable if it is assumed that money spent for salaries and other administrative expenses does not help people in need. Many thousands of volunteer Red Cross workers do hard work without pay other than personal satisfaction. In nearly one third of all Red Cross chapters all activities are conducted by volunteers. Yet the larger part of the organization's budget is the salary item. The salaries are paid to people who serve people in need, or who train or supervise people to serve others in need.

"How much of my contribution to the Red Cross campaign actually gets to those who need it?" is the way some people put it. Only a minor share of the annual budget is actually expended for groceries, clothing (Please Turn To Page 3)

MARCH MAKES COLD ENTRANCE ON ICY WINDS

The March lion could have passed for a polar bear almost anywhere in Pennsylvania today as the new month arrived on icy gales from the west that sent the mercury to an official of 29 degrees here this morning. It was the lowest temperature registered here since February 4 when a reading of 10 above zero was taken.

Pennsylvania's low for this morning was at Ebersburg where the official was eight above zero. The mercury's nosedive came in the wake of a snow that left highways in many parts of the state treacherous with ice.

Warmest February Since '39

Winter's return brought an abrupt end to moderate weather that made last month the warmest February here in 10 years with an average temperature of 37.9 degrees, 6.4 degrees above normal. Last month saw new records set for high temperatures in local weather records for several dates with the month's high of 73 degrees setting a new maximum mark for February in local weather annals.

The coldest day last month was 4 above zero on February 3.

February was short on snowfall too, and the three inches on the last day of the month was all that fell here in the 28-day period. A trace of snow was recorded February 7. Sleet, rain, fog and strong winds were part of February weather here.

Colder Tonight

Last year February was only slightly warmer than normal but the month had nine inches of snow and a low reading of two below zero.

In 1948, March arrived with the ground bare. The low that day was 24 but the temperature climbed to 40 degrees.

February was a half inch short on rainfall with a total of 2.11 inches. Measurable amounts of rain or snow fell on 11 days but a total of 18 were listed as either cloudy or partly cloudy.

Warmer weather is forecast for Wednesday but tonight the temperature is to drop to a low of 10 in the mountains.

EDUCATION IN ARMED FORCES IS DESCRIBED

"There are almost limitless opportunities for self-advancement to men in all branches of the armed forces of the United States," Col. William P. Yarborough, Carlisle Barracks, told members of the Gettysburg Lions club in a talk Monday evening at the Shetter House.

Col. Yarborough, who is director of the troop education-information department of the Armed Forces Education school at Carlisle, explained the scope and purposes of the vast education program handled for the armed forces by the U. S. Armed Forces Institute that offers more than 300 widely varied courses from grammar school to second year college level.

Shows Training Film

The educational training is offered as a means of qualifying men in the service for advancement in the armed forces, completing interrupted civilian education, preparing them for a job in civilian life and enabling them to make profitable use of their leisure time, Col. Yarborough explained.

Pointing out that 75 per cent of the officers in the army now have the equivalent of two years or more of college education, the speaker said "USAFI" courses are available to both officers and enlisted men. The Armed Forces Institute has trained more than 2,000,000 men and has issued as many as 5,000 certificates of equivalency for high school diplomas in a month.

Hoover Group Calls Defense Unit "Close To Weakest Type"

Washington, March 1 (AP) — The Hoover Commission today called the new unified national military establishment "perilously close to the weakest type of department" in the government.

The investigating commission deplored lack of civilian control by the president and defense secretary over the powerful military high command, the joint chiefs of staff.

It said there is "continued disharmony and lack of unified planning" in the supposedly "unified" department of defense; it found that the military is far too free of civilian control; and it warned of "extravagance" and "waste" which could do serious damage to the national economy.

Six Recommendations

The 12-man bipartisan commission on government reorganization, headed by former President Herbert Hoover, strongly urged on Congress six enditions intended to remedy defects it found under the present unification law.

"There is evidence," it reported, "that the utmost that can be accomplished under the present statute will fall far short of national needs."

Most of the recommendations were aimed at concentrating greater control in the hands of the civilian secretary of defense (Secretary Forrestal, a member of the commission, took no part in preparing the report).

But the group's final suggestion emphasized the need for immediate action on such things as "emergency plans for civilian and industrial mobilization," plans for civilian defense and "defenses against unconventional methods of warfare."

Civilian To Head Staff
In commenting on the freedom enjoyed by the military, the commission leveled especially strong criticism at the way the joint chiefs of staff are set up.

It said the chiefs "are virtually a law unto themselves" and suggested appointing a chairman to bring "this most powerful of military units" under strong civilian control. General Dwight D. Eisenhower recently was named temporary chairman of the joint chiefs by President Truman, reportedly to bring an end to disagreements among the services. Whether that was the kind of appointment the commission had in mind, the report did not say.

Power For Secretary
These were the commission's recommendations:

1. Give the secretary of defense full power over the defense budget including authority to give it a "major overhaul" and require the armed forces to keep "complete, accurate and current inventories."

2. Center all the reins of the defense establishment in the hands of the secretary of defense, stripping the secretaries of the army, navy and air of their power to appeal over his head to the White House.

3. Make the entire personnel system of all three services subject to the secretary of defense—everything, that is, from recruiting and prescribing uniforms to supervising military education.

4. Improve teamwork by developing better relations "at the working level" among such agencies as the joint chiefs on one hand and the central intelligence agency, research and development board and munitions board, on the other.

Prepare For Defense
5. Coordinate the medical departments of the three services with other government health agencies, as outlined in a report to come later.

6. Take "immediate" steps to prepare for civilian defense, mobilization, and unconventional methods of warfare. On the proposal to revamp the leadership of the joint chiefs, four of the members turned in a minority report saying the commission didn't go far enough.

STATE BUDGET TO BE HIGHER DECLARES C.C.

Harrisburg, Mar. 1 (AP)—Governor James H. Duff's near-billion dollar budget is "only the first chapter" in Pennsylvania's financial program, says the state Chamber of Commerce.

Warning that 1951 may be the "year of reckoning" in state finances, the chamber advises its members that many new demands for funds are shaping up for action two years from now.

In a review of the budget, the chamber said Saturday it "may total well over \$1,250,000,000 for the coming two years if it includes actual authorizations for departmental expenditures and distributions to local governments and private organizations."

"The budget summary calls for \$988,196,000 or somewhat less than a billion dollars," it continued. "However, as in the case of previous budgets, that figure does not tell the full story."

Other Expenses
The chamber noted that Legislatures always have appropriated more money than was recommended by the Governor.

Besides the budget estimate for the next two years, the chamber said, there have also been expenditure authorizations totalling \$227,000,000 for highways and authority construction; unlisted expenditures from federal grants and other revenues which in the current budget totalled \$100,000,000; and distribution of gasoline taxes, liquor, license fees and taxes on out-of-state insurance premiums to local communities totalling \$33,000,000.

"This amount," the chamber continued, "is exclusive of unemployment compensation payments and administrative costs; disbursements which may be made from unexpended balances in appropriations; and expenditures from various other special, custodial, trust and sinking funds."

All this shows, the chamber said, "that state revenue estimates 'may be too optimistic.'"

Indefinite Delay In Poison Cake Case

Chambersburg, Pa., March 1 (AP)—The arraignment of Ralph H. McMullen, Mercersburg, before a J. S. commissioner has been postponed indefinitely. Rudolf M. Wertime, Franklin county district attorney has announced.

McMullen, 45-year-old handyman s charged by Mercersburg Police chief Michael Wassel with sending a poisoned cake to John A. Ensinger, a neighbor.

McMullen waived a hearing on the state charge, which was to pave way for federal prosecution. Federal authorities are charging him with sending poison food through the mail with intent to harm injure or murder.

However, Wertime said yesterday that the state and federal authorities were "unable to reach a suitable agreement and the arraignment was postponed. Wertime said he wants assurance from the federal government that McMullen will also stand trial on the state charge.

Accident Darkens Four Communities

Reading, Pa., Mar. 1 (AP)—A truck automobile collision plunged four suburban communities into darkness.

The state supreme court yesterday ordered records of the trial be brought before it for inspection the week of April 11 in Philadelphia.

The attorney general contended Schofield urged the jury to ignore the instruction of the judge as to law and identified O'Malley character witnesses after he had been forbidden to call them to the stand.

LOUIS RESIGNS HIS CROWN AS KING OF BOXERS

Miami Beach, Fla., March 1 (AP)—Joe Louis today announced his formal resignation as the world's heavyweight boxing champion to National Boxing Commissioner Abe J. Greene.

Louis' resignation was presented by Harry Mendel, the Brown Bomber's publicity agent.

The heavyweight champ himself was not present, but his bow from the ring throne, which he held longer than any other man, was in the form of a letter signed by Louis.

Also present at a meeting called by Greene to announce the formal resignation was Flamen B. Adse, president of the National Boxing Association.

This is the second time in a year that Louis has retired, the first being under somewhat less formal circumstances. Before his 25th successful defense of his title against Jersey Joe Walcott in Yankee Stadium last June 25, the champion said that he was through, and the fight with Walcott was his last.

But on Sept. 17 he said he "might" fight again. The Twentieth Century Sporting club, which has acted as promoter for all of Louis' fights, has proceeded on the assumption he would defend his title again in Yankee Stadium this summer.

Louis has been appearing in a series of exhibitions all over the country.

Promises Details
"I am certain you know how sorry I must be to let the championship go this way," Louis said in his letter to Greene.

"I have held it for a long time and I won it in the ring. I expected to lose it the same way I won it. This is the way champions should be made."

"However, things have developed so that I think I ought to stick to the decision to retire that I announced some time ago. I am sending you another letter in more detail just what I plan to do in boxing in the future."

It was signed: "With best wishes, Joe Louis."

INDIANS EXPECT FAME FOR PAIR

Tucson, March 1 (AP)—The Cleveland Indians started spring practice today firm in the belief that outfielders Dale Mitchell and Larry Doby are slated for fame.

Manager Lou Boudreau says they could develop into all-time greats. Both have youth, good batting eyes and confidence on their sides.

When Doby, first negro to play in the American League, came to Tucson with the tribe a year ago he was shy and ill at ease. It's different this year. He fairly exuded confidence.

When he drew his uniform yesterday he had two big ambitions. "I want to raise my batting average 15 or 20 points, and I want to make the all-star team," he said.

"I guess they go together. If I raise my hitting, I may have a good chance of making the other."

Doby didn't hit his stride until midway through the season but finished with a batting average of .301. In the World Series he led both teams in hitting with .318.

Mitchell was one of the top batsmen in the American League last season. He finished with a lousy percentage of .336.

Sport Shorts

Honolulu, March 1 (AP)—Titled hungry Dado Marino, Hawaii-born Filipino nearing the sunset of his ring career, goes after the bantam crown of Manuel Ortiz tonight in his biggest gamble. The match is set for 15 rounds at Honolulu stadium. It is expected to draw a gate of more than \$50,000.

Tampa, Fla., March 1 (AP)—Rookies and veterans of 10 major league baseball teams hit the annual spring training grind in Florida today.

The National League has the Philadelphia Phillies at Clearwater, Cincinnati Reds at Tampa, St. Louis Cardinals at St. Petersburg, Brooklyn Dodgers at Vero Beach, and Boston Braves, league champions, at Bradenton. Representing the American League are the Boston Red Sox at Sarasota, Detroit Tigers at Lakeland, New York Yankees at St. Petersburg, Philadelphia Athletics at West Palm Beach, and Washington Senators at Orlando.

Philadelphia, March 1 (AP)—Lock Haven's Bald Eagles are the 1949 Pennsylvania Teachers' college basketball champions.

With their season complete as far as teacher college foes are concerned, the Bald Eagles have a record of nine victories and one defeat. They scored twin victories over Bloomsburg, Shippensburg, Kutztown and Mansfield and split home-and-home games with Millersville.

Clearwater, Fla., March 1 (AP)—Robin Roberts, Philadelphia Phillies rookie hurler, has come to terms with the signing of a contract a mere formality. Phillies President Robert M. Carpenter, Jr., said today.

Triplet Is Only Holdout On Mack

West Palm Beach, Fla., March 1 (AP)—Only one player remained unsigned today as the Philadelphia Athletics began spring drills.

Connie Mack announced he had signed Pitcher Phil Marchildon, while the A's Assistant Manager Earle Mack disclosed he had received the signed contracts of Outfielder Taft Wright and Pitcher Bobby Shantz.

This left only Coaker Triplet, outfielder who set the batting pace in the International league last year with the Buffalo Bisons.

MOUNT QUINT PLAYS FIRST TOURNEY TILT

Top seeded Hampden-Sydney and Mount St. Mary's, which finished sixth in regular season play, will open the Mason-Dixon Conference basketball tournament at 5:30 p. m. today at the Catholic university gym in Washington, D. C.

The opener promises to be the most interesting of the day's four-game program which includes also:

7:05 p. m. — Catholic U. vs. Bridgewater.

8:40 p. m. — American U. vs. Western Maryland.

10:15 p. m. — Loyola vs. Roanoke.

Hampden-Sydney captured the conference championship by winning all 12 of its games, but it has ahead of it a tough job if it expects to add the tournament title.

Mount St. Mary's figures to be a tough opponent. The Mounts won eight of their 12 league games and in Pete Clark they have one of the conference's best point getters. Clark averaged 19.3 points per game.

Should Meet Loyola

If the tournament proceeds according to form — which is highly unlikely — Hampden-Sydney should meet Loyola college in the finals Thursday night.

The Greyhounds are defending champions in the tourney and finished second to Hampden-Sydney in regular season play with a record of 12 victories and only one defeat. They figure to beat Roanoke college tonight, but Coach Lefty Reitz is a little upset about the condition of Mike Zedalis, who has been bothered by an influenza attack.

SCOTLAND NIPS BUBBLERS; PLAY HERE THURSDAY

Gaining the lead at 18-17 for the first time in the game after two minutes of the third period had elapsed, the Scotland Orphans school cagers upset Boiling Springs, Adams County league titlists, in a District 3, PIAA, Class C playoff 39-26 on the Gettysburg high school court Monday evening before about 600 fans.

As a result of the victory the Franklin county loop champions will meet Dallastown, South York county league representative, on the Gettysburg college floor Thursday evening in a quarter-final game.

The zone defense set up by Don Seibert's Bubblers proved particularly troublesome to the Cadets in the first half with the result the Boiling Springs outfit held a narrow margin throughout, leading 14-13 at half time.

Early in the third period the Bubblers took a 16-14 lead but eight straight points by the Cadets put them ahead and they won with comparative ease.

Scotland played its opponents all over the court and the Bubblers were unable to cope with that style of defense, time and again losing the ball on pass interceptions which resulted in comparatively easy chances for the Franklin countians.

Claypool and Fidroeki, with 15 and 13 points, respectively, were outstanding for the winners while Art Bream with a goal and seven free throws topped the scoring for Boiling Springs.

IOWA'S MARGIN NARROWS

Washington, Mar. 1 (AP)—Iowa captured top national honors in 1948 cash farm income, but showed a smaller margin over its traditional rival, California, than in 1947.

The Agriculture Department reported today that Iowa's 1948 cash farm receipts came to \$2,354,733,000 while California rang up \$2,207,639,000.

Texas was third with \$1,953,014,000. Pennsylvania's 1948 cash farm receipts (with 1947 returns in parentheses) was \$836,507,000 (\$744,410,000).

Sports Roundup

By HUGH FULLERTON, JR.

New York, March 1 (AP)—A bunch of the boys were sitting around a table at the palatial Keswick Country club, just outside Charlottesville, Va., discussing the interesting subject of hiring football players.

Indirectly, the talk stemmed from a basketball game between the University of Virginia and William and Mary—the last sports contest between those two schools. Indirectly because, like Hiram, they don't hire 'em but they have a hard time getting the kind of athletes they want.

"Between the deep south on one side and Yale on the other Virginia colleges are having plenty of trouble," commented one expert.

"I hear one college down there sent out word it would accept boys who busted out of other schools and has 54 players working out who don't even go to classes."

Yale, of course, has unquestioned scholastic advantages plus Herman Hickman's personality, and Virginians haven't forgiven Herman for grabbing young "Doc" Spears.

Like most round table discussions, this gabfest didn't prove anything, but it shows you why some folks think the NCAA "sanity code" won't work.

Apparently southern gentlemen will complain privately, but they won't blow the whistle on the unnamed "deep south" college.

TEXAS RUES

From "Sports Illustrated" magazine comes this story about Jimmy Strickland, a whale of a football player at Cleburne, Texas, high school.

Just before an important game, Jimmy called on his teammates for a moment of silent prayer.

Subsequently the opposing team took the kickoff and started a drive toward the Cleburne goal.

Strickland called time out, summoned his team into a huddle and said: "Some blankety-blank didn't pray."

DOTS ALL, BROTHERS

When the Western Michigan track team visited Marquette recently for an indoor meet, big George Mesko cut loose a wild heave with the 16-pound shot and sent it right through the glass backboard on the basketball court.

He didn't get the two points—four before the shot.

New York, Mar. 1 (AP)—Old Rockport, the flying horses Olympia and Ocean Drive, and Reville have been grabbing most of the three-year-old headlines on the winter racing circuit.

Which brings up the annual question: Where will they be on Saturday, May 7? That is, along about 4:30 p. m. When the band gives with "My Old Kentucky Home" and some 100,000 frenzied turf patrons cheer while the 1949 derby champion gets the blanket of red roses at Churchill Downs.

Only thing certain is it won't be Reville, for trainer Bert Mulholland said the colt wasn't nominated for the classic.

Could be old Rockport, winner of the \$100,000 Santa Anita derby last Saturday, Olympia or Ocean Drive might make the derby grade. Reville is demonstrating some class down in Florida, and probably will be seen in the Wood Memorial, Preakness and other top three-year-old races.

But the plain fact is that the big boys, such as Blue Peter, Mr. Busher, and Capot have yet to trot into the 1949 racing scene. The three named—Blue Peter was the 1948 two-year-old champion colt—have been quietly getting into condition at winter quarters in South Carolina.

The horse that can handle those three stands a good chance to land the derby roses, plus the better part of the \$100,000 Col. Matt J. Winn will shell out for the winner.

There is no Citation this spring scaring the three-year-olds into hiding. Nothing has come along yet capable of running over everything in the scramble for triple crown honors.

Ocean Drive won the Hibiscus at Hialeah and Olympia took second. They were flown to Santa Anita. Olympia won the San Felipe, Ocean Drive was fifth and Old Rockport ninth. Two weeks later Old Rockport jumbled the dope in the Santa Anita derby. Olympia was second this time, Ocean Drive, seventh. Reville copped the Everglades at Hialeah last Wednesday.

SUITS ARE SETTLED

Philadelphia, March 1 (AP)—Over-time pay suits brought by 52 maintenance and operating mine employees against the Philadelphia and Reading Coal and Iron company in Schuylkill county for \$110,265.30 have been settled out of court.

Terms of the settlement were not revealed. Attorneys for the company and the workers filed stipulations in U. S. district court yesterday for dismissal of two suits brought more than two years ago.

MALONE RETIRES

Philadelphia, Mar. 1 (AP)—James H. Malone retired Monday as Philadelphia's director of public safety, ending 38 years of public service.

The 63-year-old policeman and twice winner of the Bok Citizens' award mailed his resignation to Mayor Bernard Samuel from Miami Springs, Fla., where he is vacationing. Malone said he planned to remain in Florida at least another month.

boys come to visit the girls who have dressed themselves in grown up clothes. It looks as if everything will turn well but young and beautiful Aunt Sandra arrives and dresses herself as a brat of a child. Trouble brews when the boys wire their sentimental old commander asking for an extension of leave to get married. But when Commander Stone arrives on the scene, everyone has plenty of explaining to do.

The following cast of characters has been announced: Jerry and Abby, two 14-year-old girls, Bernice Plunkert and Evelyn Harget; Cora, a mean hand at cooking and wrestling, Charlotte Yimling; Helga, her wrestling partner, Alma Reaver; Aunt Sandra, one minute her charming self and the next one an imish brat, Gloria Warner; lumbering Gadget with a weakness for girls and food, Robert Snyder; Jim, quiet and good-looking, Kenneth, Rice; blustery Commander Stone, Earl Humbert; and a Western Union girl, Loyse Waltham.

Complete Plans for Service

Plans have been completed for the annual World Day of Prayer service in Littlestown. This service is in charge of the women of the churches of the community and is always held the first Friday in Lent. The service this year will be held on Friday, March 4, at 7:30 p. m. in the Centenary Methodist church. The general theme for this year is "The Lord is Thy Keeper." Mrs. Grantas E. Hoopert will preside and Mrs. Verdie Strain will serve as organist.

After the "Daily Prayer of High Resolve," Mrs. Edwin W. Elder, Jr., will sing, "The Lord's Prayer" by Malotte. The first part of the service is entitled, "Adoration" and will be in charge of the women of Centenary Methodist church. The second part is entitled, "Penitence" and will be in charge of the women of Christ Reformed church. "Assurance" and "Thanksgiving" will be in charge of the women of Redeemer's Reformed church. In the section, "Assurance," a quartet composed of Mrs. Robert Miller, Mrs. Ralph Reaver, Miss Helen Wisotzkey and Mrs. Melvin will sing, "Faith of Our Fathers."

The next part, "Offering of Self" will be in charge of the women of St. Paul's Lutheran church. Before the offerings are presented, a group of women from St. Paul's church will present a playlet in the form of

a broadcast entitled "World Day of Prayer on the Air," which will explain what the offerings received at these services are used for. Those in the cast will be: Mrs. Mahlon Bucher, Mrs. Emma H. Mehling, Mrs. Charles Ritter, Mrs. Anna Harner, Mrs. H. Dean Stover, Mrs. L. Robert Snyder, Miss Ruth Staub, Miss Doris Conover, Mrs. David S. Kammerer, Jr., Mrs. George Schaefer and Mrs. Paul Kammerer.

"Intercession" will be in charge of the women from St. John's Lutheran church. A solo, "Lord I want to Be a Christian" will be sung by a member of this group. St. Luke's church, White Hall, will be in charge of "Dedication." Mrs. Elder will sing at the close of section, "The Day Thou Gavest, Lord." The program will close with a Holy Communion service in charge of the ministerium. The public is cordially invited to attend this service.

School Work Progresses
The addition to Littlestown high school, under construction for the past several months by I. H. Crouse and Sons, contractors, is nearing completion. The exterior of the building has been finished and work on the interior is progressing rapidly.

A cafeteria which occupies the ground floor will in all probability be completed first, since cement has been laid, radiators temporarily installed and plastering begun. This cafeteria will have a seating capacity of approximately 250 and will be modernly equipped with the latest conveniences.

The two other floors will each contain two classrooms and on the first floor there will also be a modern office. Each classroom will accommodate about 40 or more students. As in the cafeteria, plastering of the walls has commenced and radiators installed for temporary purposes. Electrical wiring has been finished and the floors and stairways constructed. A window has been placed in the wall adjoining the

SOMETHING BETTER

What gives to our individual lives its increased interest is the thrill that comes after having done something better than we have ever done it before—or better than anyone else has ever done it, for that matter. If it were not for the fact that men and women are forever doing things better, we would have known little progress in the world.

The tragedy of the age, however, is that nations have learned to kill people, through war, in the way that they have. We haven't improved on methods toward peace—permanent peace. And it will never need a scientist to work this out—but a thinker! Best of all, a multitude of them, all working toward this noble end.

As it is, a vaster number desire peace than war, but they are not working hard enough at it. And so a cloud of fear hangs about the entire civilized world. Or is it civilized? Won't people a hundred—or a thousand—years from now wonder about our stupidity and lack of humane intelligence? (That is, if any people are then left upon this beautiful earth of ours.)

There is something better than money, or gain in prestige, or power. That something better is a world of happy people, given justice and freedom, and with the opportunity to pursue happiness in their own way, without interference from selfish interests.

Take religion, for example. Nothing has so blessed the world, and given to human being so much comfort and hope as their belief in God. Why should anyone interfere with that great blessing? Why should anyone interfere with any individual as to how he should worship or believe? This is something inherent in every human being, no matter where on this earth he may have been born.

No matter what our work in life may be we should constantly seek to make it better. Edison was not satisfied with one good invention. He kept right on inventing new useful things up to the time that he died. And how he blessed the world! It is impossible to estimate his worth to the world. All mankind remains in his debt. The last line of the brilliant published essays of the late Howard Vincent O'Brien was this: "Lord, I am still deeply in Thy debt."

Tomorrow Mr. Adams will talk on the subject: "Home Away From Home"

THE PERFECT GARDEN

Though still beneath the drifted snow
In slumber lie the daffodils,
Their yellow bloom is mine to know,
As they in full perfection grow
Where neither frost nor beetle kills.

I look at roses red and white;
Some old, some new I'd like to own.
They make a most entrancing sight,
The blossoms show no sight of blight;
Sturdy and straight their stems have grown.

Fair is the honeysuckle vine.
No foe to fear, from bugs to dogs,
Oh, would that every flower of mine
Could, in its season, be as fine
As those they print in catalogs.

COMMUNISTS SET NEW PACE IN COLD WAR

London, March 1 (AP)—Communist declarations in western Europe that an invading Soviet army would be welcomed and assisted set a new pace in the cold war today.

Communist party leaders in France, Italy, Germany and Britain in the past week have spoken along the same line, in marked reversal of the conciliatory tones of a recent so-called peace offensive.

The opinion that a master's voice was speaking and that the new course of Communist strategy indicates the introduction of a more vigorous policy was expressed in American quarters here.

"Obviously Inspired"
British sources said obviously the various statements "were inspired by a central directive."

The latest Communist spokesman to voice threats is Harry Pollitt, general secretary of the British Communist party. He was quoted by the Communist daily worker last night as declaring British Communists will try to sabotage any "imperialist aggressive war" against Russia. In event of such a war against the U.S.S.R., he said, British Communists would organize strikes and "councils of action."

The marching tune was called last Tuesday by Maurice Thorez, secretary general of the French Communist party. He suggested that if the French people, "in spite of their wish" find themselves at war with Russia and the Soviet army "had to chase the enemy in onto our soil" the Communists would welcome the invaders.

Use Similar Words

On Saturday Palmiro Togliatti, Italy's No. 1 Communist, became bolder. The Italian people, he said, would have the duty "to aid in the most efficient way" any Russian army which might be required to pursue an aggressor into Italy.

Yesterday, Pietro Nenni, pro-Communist Socialist leader in Italy, was quoted in press dispatches as telling a Leftist crowd in Venice to refuse to fight for the present government in a war between Russia and the United States. Socialists and Communists, he said, should form together an "advance guard of the liberating armies."

In a strikingly similar statement at a rally of Berlin workers yesterday, Otto Grotewohl, co-chairman of the Communist-dominated Socialist Unity party of east Germany, declared "no German hand would be lent" to aid western powers in any "imperialist war."

East Berlin

East Berlin — The Mite society of Zwingli Reformed church held its annual turkey supper for the public Saturday evening at the church annex where other refreshments and baked goods will also be on sale.

Valve-in-Head- and Fireball too!

White sidewall tires, as illustrated, available at extra cost.

It seems that valve-in-head engine design is becoming quite the thing, now that gasolines are stepping up in octane rating and higher compression ratios begin to be worth while.

Well, that's dandy as far as Buick is concerned.

For more than forty-five years, Buick engineers have been working with, developing and learning all about valve-in-head engine design.

So quite some time ago Buick applied a principle, possible only in valve-in-head design, which still remains a Buick exclusive.

It is Fireball design — and it's an interesting engineering story.

It comes from a specially shaped piston, designed to roll each fuel charge into a compact, whirling, ball-shaped mass. It goes a step beyond high-compression ratios, because it means better mixing of fuel — and so better burning.

Result: More good from each fuel charge. A touch more life, pep, ginger. More of that happy, satisfying feel of power and zip that give Buick its good name as a performer.

So remember, as more and more cars climb on the valve-in-

head bandwagon, that Buick is still calling the tune. Still ahead in knowledge and experience and development of a principle that has always been recognized for its greater basic efficiency.

With self-setting valve lifters adding new quiet and washing out tappet noise, it's plain that "Buick's the buy!" on engine design as in other ways.

Come satisfy yourself on that score — and get a firm order in either with or without a car to trade.

BUICK alone has all these features

Silk-smooth DYNAFLOW DRIVE • FULL-VIEW VISION from enlarged glass area • SWING-EASY DOORS and easy access • "LIVING SPACE" INTERIORS with Deep-Cradle cushions Buoyant-riding QUADRIFLEX COIL SPRINGING • Lively FIREBALL-STRAIGHT-EIGHT POWER with SELF-SETTING VALVE LIFTERS plus HI-POISED ENGINE MOUNTINGS • Cruiser-Line VENTIPORTS Low-pressure tires on SAFETY-RIDE RIMS DUREX BEARINGS, main and connecting rods BODY BY FISHER.

Baltimore Livestock

CATTLE— Despite a very heavy and wet snowstorm today's fresh cattle receipts were only slightly smaller than the number received a week ago today and it was mostly 30 per cent heavier than the number marketed two weeks ago. The volume was about 30 per cent short of the movement counted in the same day last year. In addition to the fresh arrivals there were approximately 100 head on offer that were held over from late last week. While the run was not relatively heavy it was ample for the demand.

Shoatler steers made up the biggest share of the receipts as the equivalent of 22 loads. One load of mixed yearlings also on sale. Most of the steers consisted of mixed loads and lots of medium and good-grade offerings. Very few choice on hand. Shoatler heifers and stock cattle very scarce. Balance of the run consisted largely of cows with about a normal percentage of heifers.

Trading in the steer department rather slow and prices mostly steady to 5c. lower compared with last Thursday. Loads largely confined to offerings over 1,100 pounds. Lighter weights met first action and in an extreme case or two displayed slight strength. Bulk of sale fell in \$23.50-25.25 bracket but one load of 1,119-pound averages, \$25.40. These were mostly good with a few choice included. Scattered odd lots and loads of common and medium, \$21-23.25.

Hardly enough slaughter heifers on offer to permit an accurate comparison of prices. One load of medium and good 558-pound mixed yearlings, \$23.50. Mostly odd head lots of common and medium heifers, \$19-21. A few light-weight canner heifers, \$16.50-17.

Cows met a very uneven trade. Some early sales on the stronger side compared with last Thursday while some late sales were lower. For the most part little net change noted, however. Good cows virtually absent. A few scattered small lots of high-medium and low-good cows, \$19. Common and medium cows, \$17.50-18.50, and canners and cutters, \$15-17, although shelly light canners \$13 and below.

Dealings in the bull division fairly active and prices fairly steady. Good sausage bulls, \$21-24. Beef offerings absent. Common and medium grade sausage bulls, \$18-20.50, and lightweight canner bulls, \$16.50.

There were not enough stocker or feeder cattle on sale to positively identify a price trend. Scattered small lots and odd head sales of medium and good 610-840-pound stocker and feeder steers, \$22-23.50.

CALVES— All grades of calves met a narrow price, held steady, unchanged compared with last Friday. Most buyers bid lower in early rounds, but new buyers came in and the market all though some protested the prices through-out, as they and bought sparingly. Good and choice vealers, \$31-34, top \$34. Practically all weights of common and medium grades, \$19-31, and odd lots of calls, from \$19 to \$10. Over 300-pound slaughter calves scarce but odd head met.

LENTEN RULES

(Continued from Page 1)

over seven years of age the use of meat on all Wednesdays except the Wednesday of Holy Week and Fridays of Lent, on Ember Saturday

dium grade, \$22.

HOGS— All weights and grades of hogs displayed a general advance over last Friday but trading rather slow at the advance. Around six double decks of sorted, good and choice around 195-210-pound, well-bred barrows and gilts, 25-30c, above the trucked-in, \$22.75-23. Good and choice trucked-in, 180-225-pound barrows and gilts, \$22.25-22.50, top \$22.50. Heavier weights in the 225-250-pound, \$21.50-21.75; 250-275-pound, \$20.50-20.75; 275-300-pound, \$19.75-20; 300-325-pound, \$18.75-19; 350-400-pound, \$17.75-18; over 400 pounds, \$16.75 down. Lighter weights in the 120-140-pound bracket, \$19.50-19.75; 140-160-pound, \$22-22.25; 160-180-pound, \$22-22.25. Some trading less than 120 pounds, \$17-17.25; 100-150-pound, \$16-16.25; heavier weights, \$15 down. Odd stages generally \$2 under price for same weight, sexes and packaged hogs discounted \$2 from the price for same weight of grain-fed offerings. Bulk of weights brought the outside quotations.

SHEEP— There were not enough heads or wools on sale to permit an accurate comparison of prices. Quotations held nominally unchanged. An individual choice light lamb, \$25, quotable ton. Choice wools, 100 lbs., 100 lbs., 100 lbs., an offer odd head common offerings, \$6.

(March 12), and the forenoon of Holy Saturday, April 16. It permits the use of butter, cheese, milk and eggs every day, and the use of hard and drippings in the preparation of foods. It likewise permits fish, oysters and other sea foods to be taken with meat on the days when meat is allowed.

Highlights On Making Income Tax Returns

1040 LONG-FORM

(Editor's note: This is the seventh of 12 stories explaining who must do what about his 1948 income tax return, for the deadline is March 15.)

By JAMES MARLOW
Washington, Mar. 1 (AP) — Here's an example of filling out your 1948 income tax return on the 1040 long-form.

Jones sits down with his long-form, the instruction pamphlet which goes with it, and a piece of paper for his arithmetic.

His income was \$9,800 all in salary. His wife had none. They have two

schoolboy sons. He's going to make a joint return with his wife. Why? Because, when a wife has no income, a joint return is cheaper than a return filed by a husband alone.

So his two problems are deductions and exemptions. He tackles the deductions first.

Figures Two Ways

A couple filing jointly — without explaining or itemizing a penny — can get a standard deduction of 10 percent of their income up to a limit of \$1,000 in such a standard deduction.

Therefore, Jones' standard deduction—10 percent of his \$9,800 income—is \$980. Before taking that, he figures out his deductible expenses to see if they come to more than \$980.

If they do, he'll have to itemize them but he can claim them all and save money. He figures: \$200 for charity; \$300 for interest and taxes on his house; \$110 for medical expenses. Total \$610. So he'll be ahead

by taking the standard deduction of \$980.

(Jones' medical expenses were really \$600. But the law allows only that part which is over 5 percent of your income. In Jones' case it was \$110, since 5 percent of his income is \$490.)

Calculates Net Income

So he turns to page 3 of the long-form, bottom-half, enters his income, \$9,800 on line 1, his standard deduction, \$980, on line 2, subtracts, and puts the result, \$8,820, on line 3. That's called his net income.

Then come exemptions. His total \$1,800. That's \$600 for himself, \$600 for his wife, and \$600 for one son but not the other. Why?

You can't claim as a dependent anyone who had \$500 or more income. Jones' sons worked after school. One had \$500 income, the other \$489.

On line 4 he writes his \$1,800 in exemptions. Subtracting that from his \$8,820 income, he enters the result, \$7,020, on line 5.

"Splits His Income"

Because this is a joint return, Jones skips to line 9 and—dividing in half the \$7,020 on line 5—writes the result: \$3,510. (This is the part of the new law called "splitting" income to give married couples a lower tax.)

Now he has to find the "tentative" tax on \$3,510. He does that by using the instruction sheet. He writes that tentative tax, which comes to \$732.20, on line 10.

The next step is to cut that "tentative tax" to the actual tax. He follows the rules in line 11 (B) and writes the result, \$107.86 there. Subtracting that from the \$732.20 on line 10, the result is \$624.34, which he puts on line 12.

That's his half of the tax, as it were. But this is a joint return by him and his wife. So he multiplies \$624.34 by two, gets \$1,248.68. He writes that on line 13. That's his full tax for 1948.

But during the year his boss withheld from him—say—\$1,400 in tax. That was too much, since Jones sees now his tax should be only \$1,248.68.

Finds Refund Due

So he has a refund of \$151.32 coming to him. He wants the col-

The committee reluctantly had to decline this offer because of the inadvisability of extending the drive in conflict with the annual campaign of the Red Cross.

"We are particularly impressed with the public interest that has been expressed in the work of the American Heart association," members of the county committee stated.

"We have the distinct feeling that this approach to conquering America's greatest and most mysterious killer-disease has won the hearty support as well as the interest of the public.

fine public service rendered by the Rotary and Lions clubs of the county in this campaign.

"We cannot tell whether we reached our quota of \$2,000. We hope we did for we would like Adams county to hold up its end in the Central Pennsylvania Heart association which comprises 22 central state counties.

"Anyone who has overlooked sending a contribution he feels he would like to make may do so for the next few days in the course of which the hearts will be collected and the returns of the campaign computed.

"We thank everyone for their support of this program. Reports of the work done and the activities of the Central Pennsylvania and the American Heart associations will be made from time to time during the year for the people of Adams county are definitely interested in this subject."

SAVE AT THE FIRST NATIONAL

Thrift Marches On

An Unending Procession of Center Square Savers

Thrift marches on and the advancing years bring comfort and security to those who save regularly.

These are facts. We have observed these facts at the First National Bank for 92 years. First National passbooks from 1857 to 1949 all tell the same story—the story of men and women who took command of their own lives and won comfort and independence through saving.

Now the procession of serious-minded people continues to head for Center Square—saving headquarters for those who have a purpose in life.
